The National Hurricane Center issues Public Advisories on their website for active tropical cyclones every six hours at 5 a.m., 11 a.m., 5 p.m., and 11 p.m. EDT. When coastal watches or warnings are in effect, Intermediate Public Advisories are issued at either two or three hour intervals between the regular Public Advisories. Special Public Advisories may be issued at any time to advise of an unexpected significant change in the cyclone or when watches or warnings are to be issued.

NOAA WEATHER RADIO

Not manufactured by NOAA, NWR receivers can be purchased at many retail outlets and on the Internet

NOAA Weather Radio (NWR) All Hazards is a nationwide network of radio stations broadcasting continuous weather information directly from a nearby National Weather Service office. NWR broadcasts National Weather Service warnings, watches, forecasts, and other hazard information 24 hours a day.

South Carolina 511

511 is the national three-digit telephone number for travel information. Travelers can dial the three-digit number on traditional landline telephones and many mobile phones.

The South Carolina Department of Transportation manages the "SC511 Travel Information Service", a voice-activated phone system and a website that provides real-time traffic and travel information to travelers statewide. It is an easy to remember way to access important information on road conditions, and construction via the web at or phone - 24/7. Travel information is currently disseminated to the public using Highway Advisory Radio, and Dynamic Message Signs. 511 in South Carolina was implemented in 2010. The South Carolina system is part of a national effort.

Types of Information Available

- Traffic incidents and major closure on Interstates, US Routes, and State Routes in South Carolina
- Amber Alerts
- Links to Neighboring States 511 Phone System
- South Carolina Highway Patrol
